

Road Closure of Harborn Rd/North Service Rd and Hurontario St Intersection

Scheduled Start Date: October 13, 2026, 10 p.m.

Scheduled End Date: November 17, 2026, 10 p.m.

A map showing road closures at Hurontario Street and Harborn Road and North Service Road intersection

What Is Happening?

Crews will be welding tracks and pouring concrete for guideway installation within the intersection of Hurontario Street and Harborn Road/North Service Road. This work is scheduled to begin October 13, 2026 at 10 p.m. and continue until November 17, 2026 at 10 p.m.

During this work, east-west traffic will be prohibited at Harborn Road/North Services Road, across Hurontario Street in each direction. Left turns will not be permitted at the intersection, and right-in and right out access will be maintained. Detours will be available. Please follow posted signage.

Emergency access will not be available during this closure.

What to Expect?

- Construction lighting may be visible from the work site.
- Crews will take precautions to monitor and reduce dust.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.
- Work is being scheduled 24 hours.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.

Traffic Changes

- Delays may be experienced near the work zone.
- Please follow detour signage.
- Access to businesses will be maintained.

Pedestrian Access

- Temporary sidewalk closures or pedestrian detours will be in place while the work is underway, with signs in place to direct pedestrians as needed.
- Clear and defined walking paths will be maintained during construction to ensure pedestrian safety.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.
- Crews will take measures to minimize disruptions to the surrounding area wherever possible.
- Residences and businesses in the area can expect noise and vibration caused by construction equipment related to this work.

Transit Service

- Please visit www.miway.ca/updates for updates on your bus route.
-

About the Project

- Once in service, the 18-kilometre Hazel McCallion Line will bring a new, environmentally friendly and reliable method of transportation to a rapidly growing region. The new transit system will feature 19 stops, travel through two urban growth centres and connect to major transit systems including GO Transit (Milton and Lakeshore West lines), the Mississauga Transitway, Brampton Transit, ZUM and MiWay. The Hazel McCallion Line will operate in its own dedicated lane ensuring a smooth, reliable and convenient ride along the region's busiest street.
