

Long Branch GO Weekend Closure

Scheduled Start Date: October 23, 2026

Scheduled End Date: October 26, 2026

Working Hours: Friday 11:00PM to Monday 5:00AM.

Map showing the extent of the work area

What is Happening?

Long Branch GO Station will be closed during a major track closure from 11:00 p.m. on Friday, October 23 to 5:00 a.m. on Monday, October 26, crews will undertake duct bank and storm sewer works within the station parking lot. This closure will also be used to advance ongoing platform construction activities, including rebar installation, snow melt system installation, and concrete works. Above-ground platform works will include structural steel erection, roofing installation, and architectural finishes.

What to Expect?

- Where possible, lights from equipment will be positioned away from residential homes to keep light pollution levels low.
- Crews will take precautions to monitor and reduce dust.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.

Traffic Changes

- Increased construction vehicles and equipment can be expected in the vicinity of the site.
- Deliveries of construction materials will be coordinated to avoid peak periods of traffic.

Pedestrian Access

- Access to Long Branch GO will be closed for the duration of the work.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.
- Crews will take measures to minimize disruptions to the surrounding area wherever possible.
- To minimize noise impacts on the community, noise and vibration monitoring equipment will be installed prior to construction. These devices will help to detect exceedances early to proactively conduct corrective actions as needed while crews work.
- Trucks accessing the site will be equipped with broadband backup alarms, which emit a less disruptive sound compared to traditional beeping backup alarms.

Transit Service

- Long Branch GO station and station parking lot will be closed for the duration of the work.
 - Please visit www.gotransit.com for more information about changes to your travel.

About the Project

Metrolinx's GO Expansion program is delivering more GO service across the network, including trains every 15-minutes or better on the Lakeshore West Rail Corridor. To support GO Expansion, we are upgrading the rail network and our GO stations to enable more frequent and fully accessible service. This includes accessibility and amenity improvements to Toronto's Long Branch GO Station located at 20 Brow Drive in Etobicoke.
