Hazel McCallion LRT

Construction Notice

General Construction Update- Mississauga North

Scheduled Start Date: October 1, 2026
Scheduled End Date: December 31, 2026
Working Hours: Monday to Sunday, 24 hours

Map showing Hazel McCallion Line work zones

What Is Happening?

As construction progresses on the Hazel McCallion Line LRT, crews continue to carry out work along Hurontario Street between Eglinton Avenue and Topflight Drive. Current activities include track installation and maintenance, electrical and telecommunications work, roadwork, installation of stops shelters, landscaping and LRV testing.

Upcoming activities will include telecommunications and hydro utility relocation and cutover works, construction and completion of surface LRT stops, installation of LRT overhead catenary poles and cable lines, final landscaping and boulevard restoration works, including active transportation facilities, and roadway paving. Additional project activities will include LRV testing and the energization of LRT stops as the project advances toward completion. Hurontario Street facing driveways to properties may be intermittently impacted during this duration. Some of this work may be scheduled overnight and on weekends for a variety of reasons including lower traffic volumes and weather-related impacts. We thank you for your patience as we get closer to delivering this transformative project.

What to Expect?

- Construction lighting may be visible from the work site.
- Where possible, lights from equipment will be positioned away from residential homes to keep light pollution levels low. Trucks and construction equipment may generate dust during construction.
- Crews will take precautions to monitor and reduce dust.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.
- Driveways may be intermittently impacted in the area
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.

Traffic Changes

- Minor delays may be experienced near the work zone.
- Some temporary road closures may be scheduled.
- All businesses in the area will remain open during the work. Please follow signage for access.

Pedestrian Access

- Temporary sidewalk closures or pedestrian detours will be in place while the work is underway, with signs in place to direct pedestrians as needed.
- Pedestrian detours may be required, with signs in place to direct pedestrians as needed.
- Clear and defined walking paths will be maintained during construction to ensure pedestrian safety

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.
- Crews will take measures to minimize disruptions to the surrounding area wherever possible.
- Residences and businesses in the area can expect noise and vibration caused by construction equipment related to this work.

Transit Service

- Please visit www.miway.ca/updates for updates on your bus route.

About the Project

- Once in service, the 18-kilometre Hazel McCallion Line will bring a new, environmentally friendly and reliable method of transportation to a rapidly growing region. The new transit system will feature 19 stops, travel through two urban growth centres and connect to major transit systems including GO Transit (Milton and Lakeshore West lines), the Mississauga Transitway, Brampton Transit, ZUM and MiWay. The Hazel McCallion Line will operate in its own dedicated lane ensuring a smooth, reliable and convenient ride along the region's busiest street.
- Disponible en français sur simple demande. Si cela vous intéresse, veuillez nous contacter à l'adresse courriel ci-dessous.
