

UPDATE: Pape Avenue and Riverdale Intersection Restoration – Phase D

Expected start date: Friday, October 23 to Monday, October 26, 2026

Expected duration: 3 Days: Friday morning to Monday morning

Hours of work: 7:00 a.m. – 7:00 p.m.

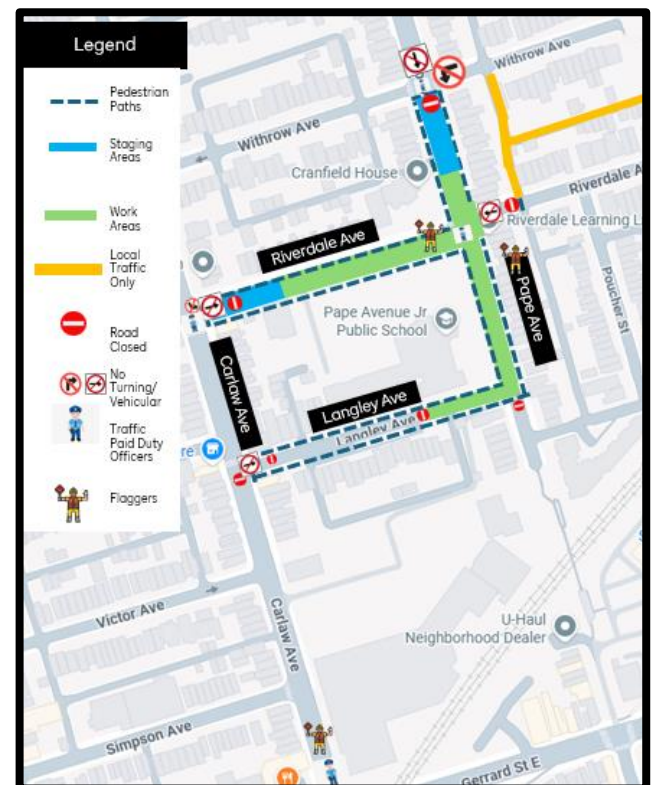

Note: After hours work may be required.

What is happening?

- Final asphalt paving at the Pape Avenue and Riverdale Avenue intersection will result in a 3-day weekend closure to complete this work and minimize impacts.
- **The closure was initially planned to start on October 16 but needed to be postponed due to weather conditions.**
- Upon completion of this work Riverdale, Pape, and Langley Avenues will gradually re-open for pedestrians and vehicles.
- Pape Avenue will remain closed south of Langley Avenue due to ongoing Gerrard Portal construction.

What to expect?

- To complete asphalt grinding, final paving and line painting, the Pape Avenue and Riverdale Avenue intersection will be fully closed to vehicular traffic for three days over one weekend from **Friday, October 23 at 7 a.m. to Monday, October 26 at 7 a.m.**
- The south sidewalk on Langley Avenue and the crosswalk across Pape Avenue will remain open.
- Pape Avenue south of Riverdale Avenue and Langley Avenue west of Pape Avenue will remain closed until final paving, signage and demobilization is complete, and are expected to fully reopen by October 30.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Signages for intersection closure will be on the north intersections with Pape Avenue and on Carlaw Avenue and Gerrard Street East.

- Two Local Traffic Only signs will be deployed at both ends of the laneway between Withrow Avenue and Riverdale Avenue.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Trucks will enter and exit the work zone using Pape Avenue to the north and Riverdale Avenue to the west.
- Pape Avenue north of Riverdale Avenue and Riverdale Avenue east of Carlaw Avenue will be used as a staging areas.
- Staging will be managed to minimize disruptions as much as possible while safely supporting the remaining construction and restoration activities.
- Traffic control personnel will be present at the Pape-Riverdale intersection and site entrance.
- Paid Duty Officers (PDOs) will be present 24/7 during the intersection closure and weekend work at the following intersections: Pape Avenue and Riverdale Avenue, Pape Avenue and Withrow Avenue, Carlaw Avenue and Riverdale Avenue, and Carlaw Avenue and Gerrard Street East.
- Please exercise caution around active construction sites.
- Residents should expect dust, noise and vibration during these construction activities.
- TTC bus service will be detoured during the weekend closure, via Jones Avenue. TTC will officially communicate route details via pole cards (maps and notice attached to each affected bus stop) and on [ttc.ca/service-advisories](https://www.ttc.ca/service-advisories).
- Work may be delayed or rescheduled to a future weekend due to unforeseen circumstances or poor weather conditions.

About the project

- A new 15.6 km subway line with 15 stops and 40+ transit connections that delivers end to end trips in under 30 minutes while taking 28,000 cars off Toronto's roads each day.
