Yonge North Subway Extension

Yonge/Clark Community Liaison Committee (CLC) Meeting #3

October 28, 2026

METROLINX

AGENDA

- Land Acknowledgement
- Safety Moment
- Construction Update
- Roundtable
- Next Steps

LAND ACKNOWLEDGEMENT

Metrolinx acknowledges that we connect communities by building and operating transit within the traditional lands of the Anishinaabe, the Haudenosaunee and the Huron-Wendat peoples, for whom these lands continue to have great importance.

Treaties between First Nations and governments cover these lands, and the promises contained in these Treaties remain relevant to this day.

Metrolinx and its employees are committed to understanding the history of these lands and the continued impacts of colonization and take responsibility for actions to advance reconciliation.

Metrolinx will continue to seek the knowledge, expertise and experience of Indigenous partners and commits to doing business in a manner that is built on a foundation of trust, respect, and collaboration.

METROLINX

SAFETY MOMENT:

CONSTRUCTION SITES

Key Safety Tips & Reminders

- **Stay within designated pedestrian routes** and obey all detours, barriers, fencing, and signage.
- **Never enter an active construction area** unless authorized and properly trained.
- Be aware of **moving equipment and vehicles**, especially in blind spots around excavators, cranes, loaders, and trucks.
- Avoid distractions such as mobile phones while walking near construction activities.

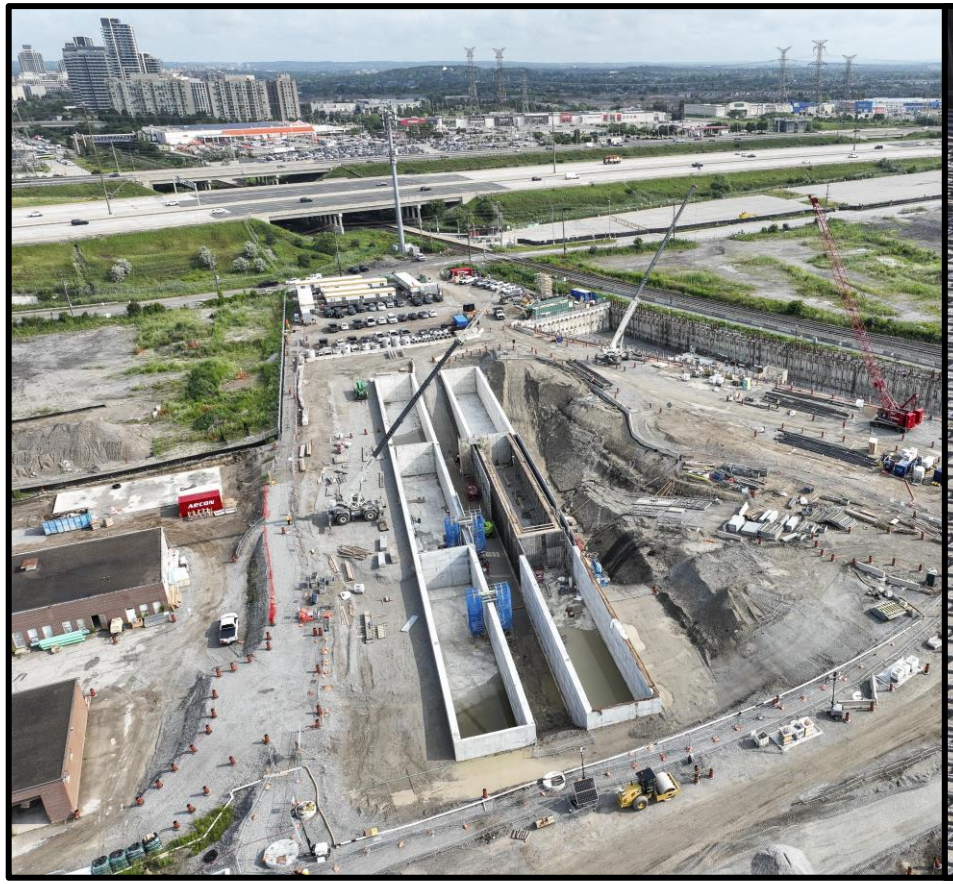

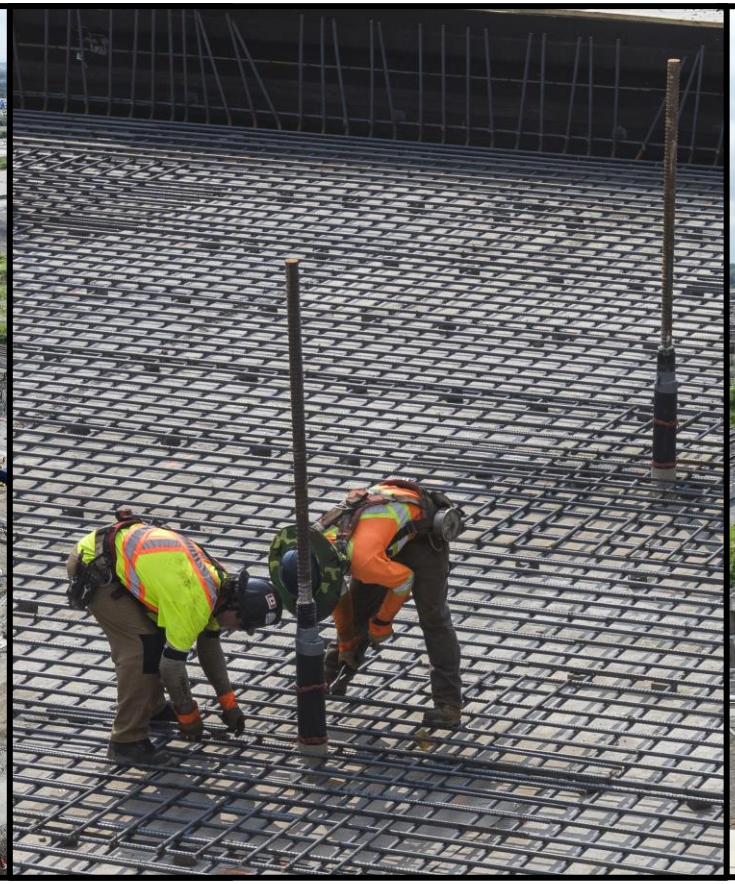

METROLINX

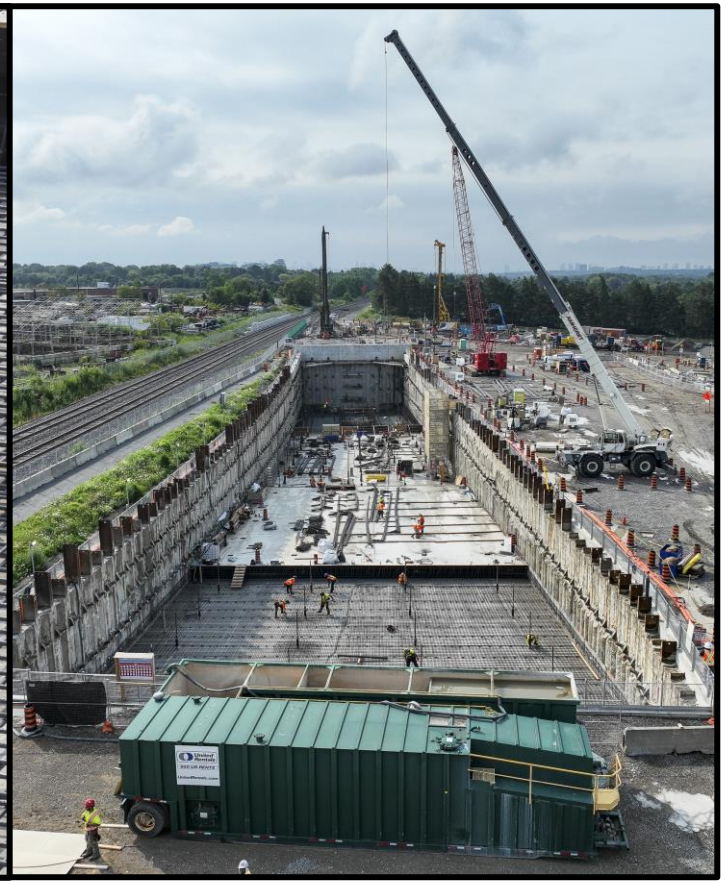

Construction Update

METROLINX

PROJECT MILESTONE: LAUNCH SHAFT COMPLETION

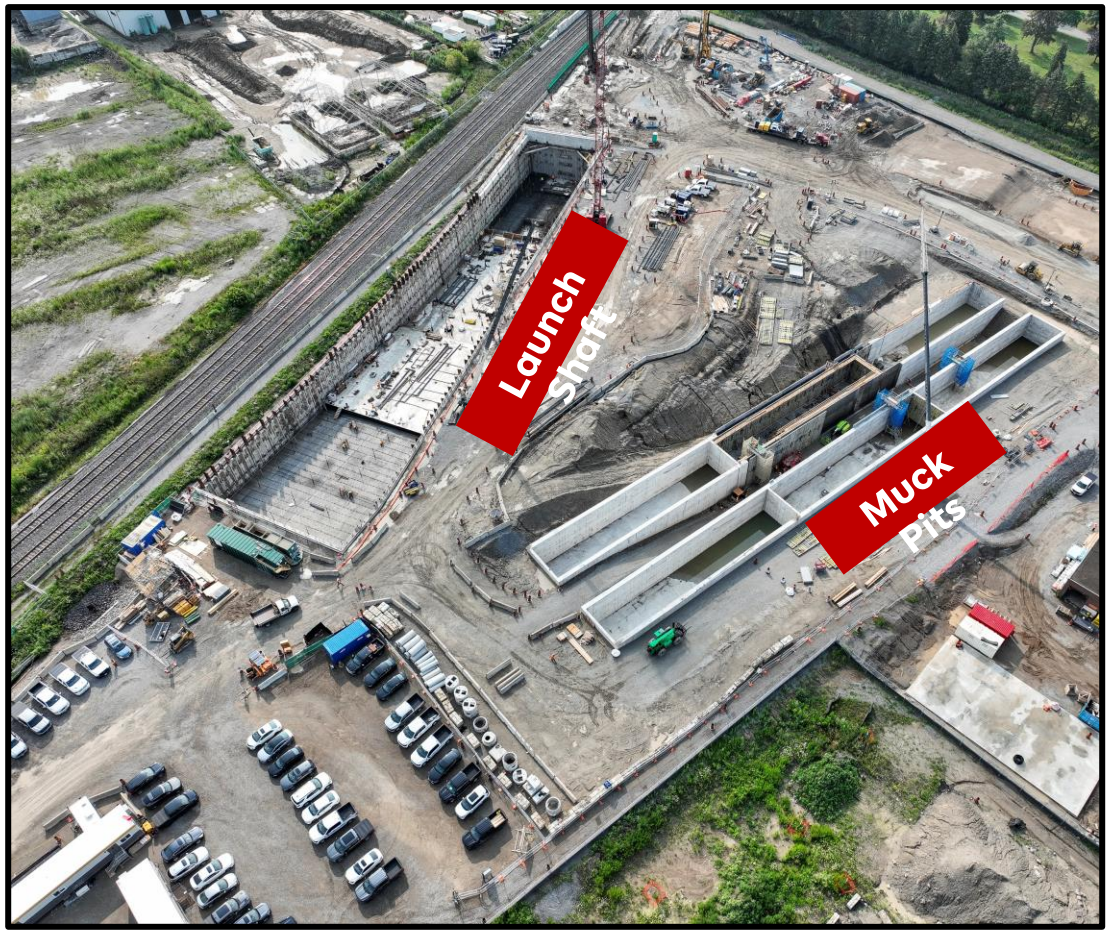

CONSTRUCTION UPDATE

LAUNCH SHAFT – ONGOING ACTIVITY

- 24/7 construction Mon-Fri
- Occasional weekend work
- Bulk excavation – **Complete**
- Muck pit installation – **Complete**
- Stormwater piping – **Complete**
- Shallow Launch grading & excavation – **Complete**
- Shallow Launch piling – **Complete**
- SWM Pond – **Complete**

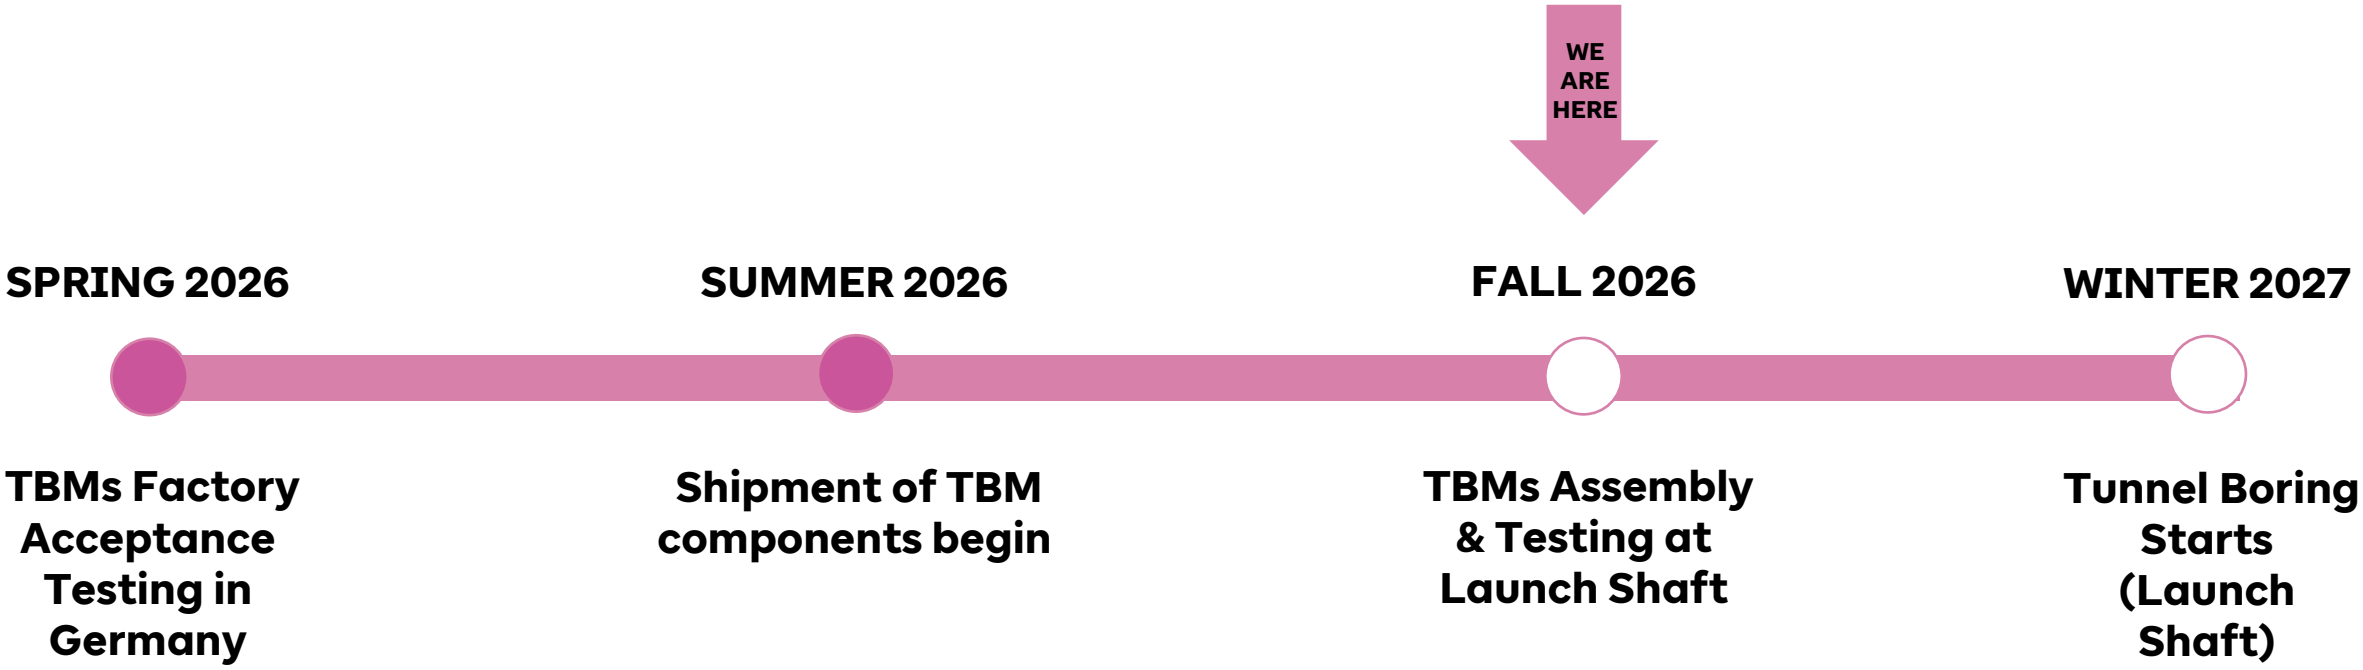

CONSTRUCTION UPDATE

TBM SUBSTATION CONSTRUCTION

- A dedicated high-voltage substation will connect to Alectra Utilities' electrical distribution grid.
- The substation will step power down to 13,800 volts to operate the TBMs continuously (24/7), and to 480 volts for supporting equipment.
- High-voltage cables will supply power underground and be extended in approximately 250-metre sections as tunnelling advances.

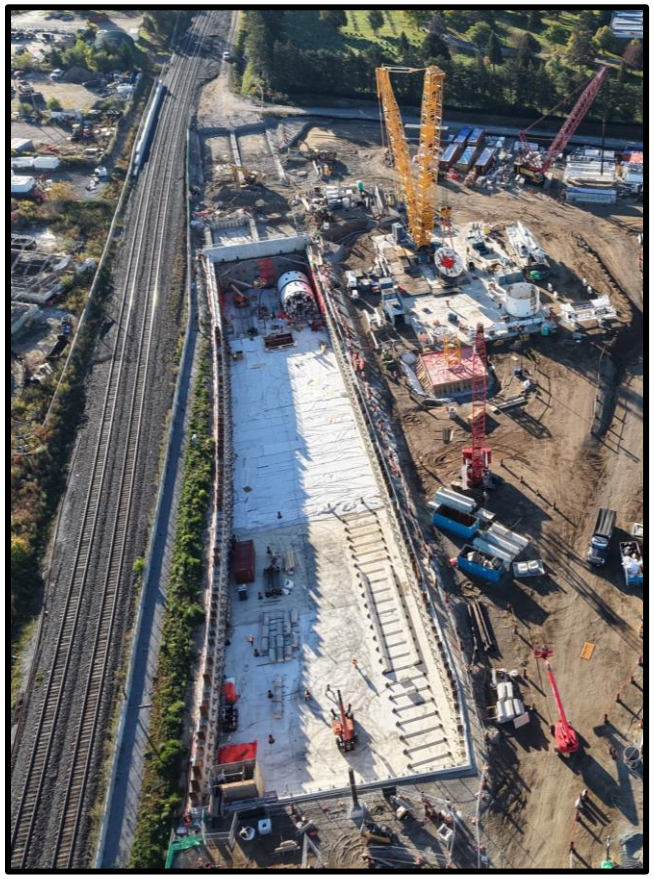

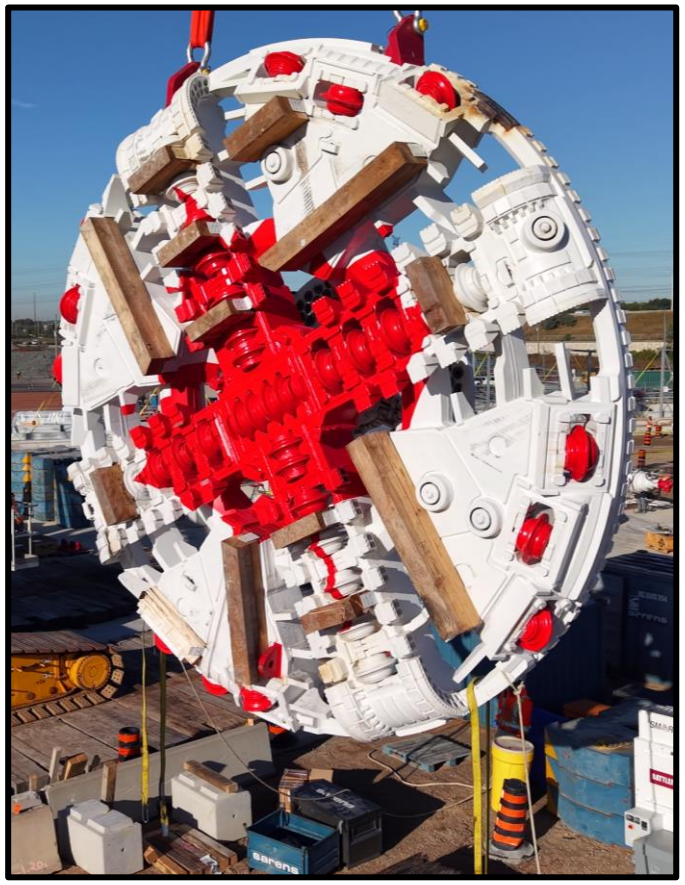

PHASES – TUNNEL BORING MACHINES

FIRST TUNNEL BORING MACHINE ARRIVES

- **The first tunnel boring machine (TBM) has arrived at the launch shaft site.**
- The TBM is being assembled in the shaft.
- A second machine will arrive soon and undergo a similar process.
- TBM support systems are being installed at the launch shaft to get ready for tunnelling.
- The two TBMs will tunnel south toward Finch Station, digging twin tunnels that will connect the subway extension to existing Line 1 service.

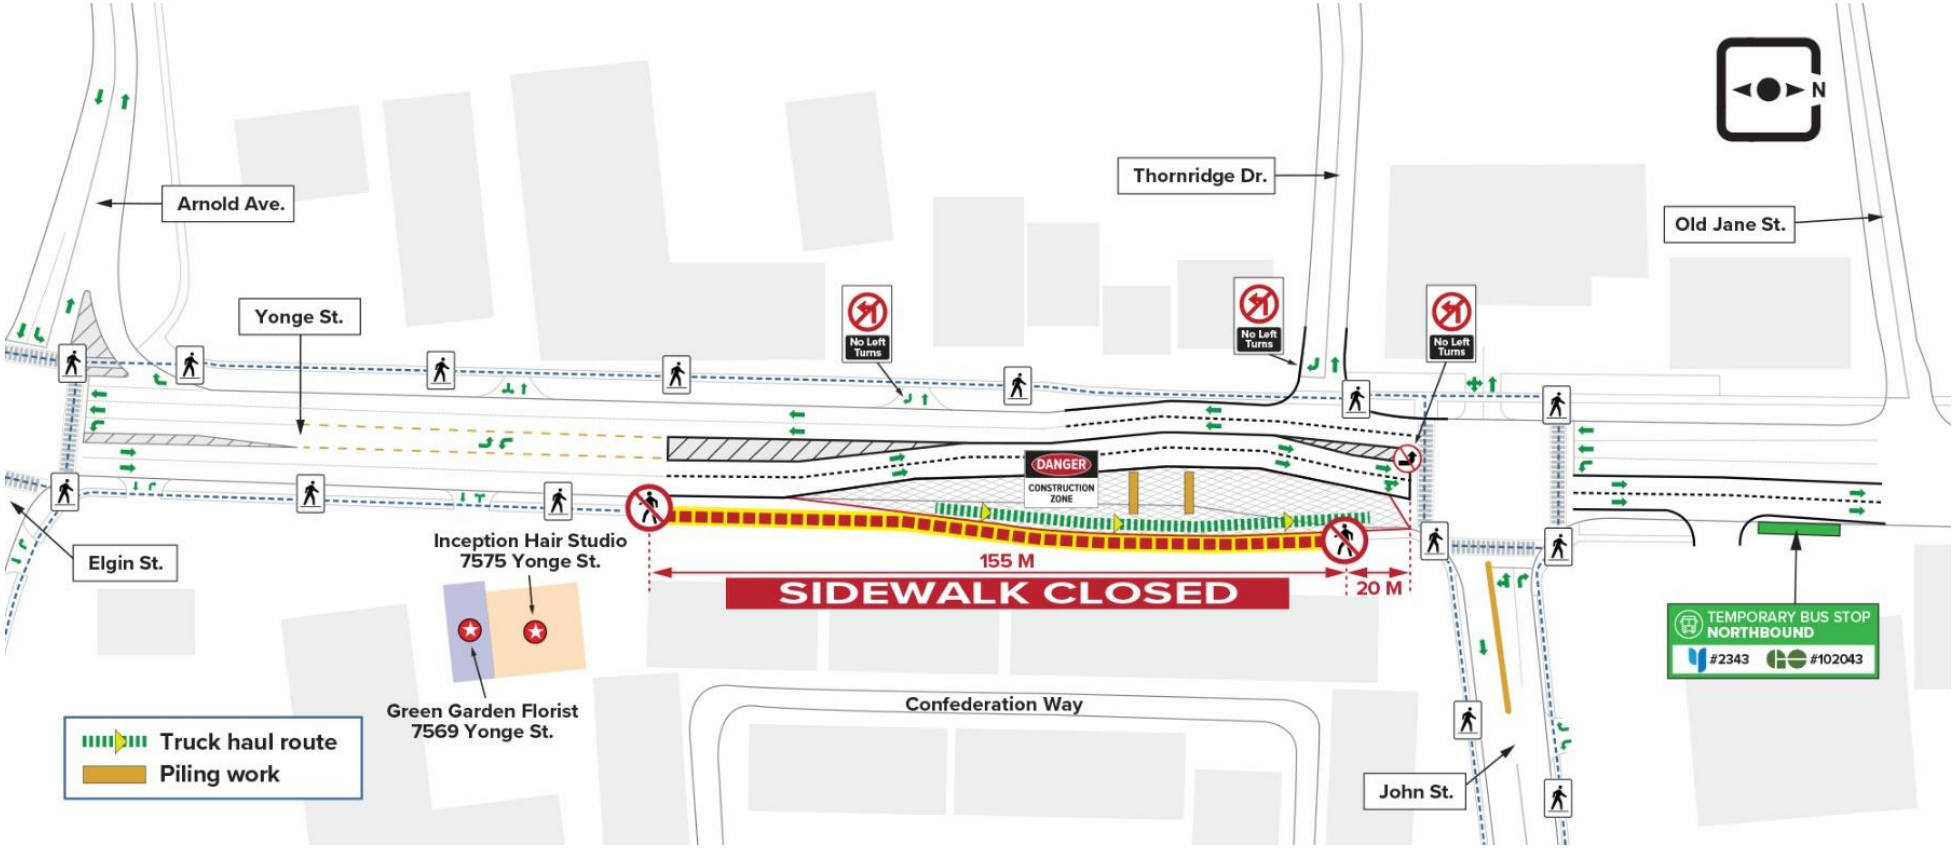

WHAT'S HAPPENING IN YOUR COMMUNITY?

- **Piling work to create a vertical shaft to support the future construction of EEB 4 is underway.**
- Crews will use a drill rig to create reinforced concrete columns 45+ metres into the ground.
- Concrete piles will be installed close together to form foundation walls.
- Work hours:
  - Weekdays 7 a.m. to 5 p.m.
  - Frequent overnight/weekend work

Traffic Changes – Phase 1

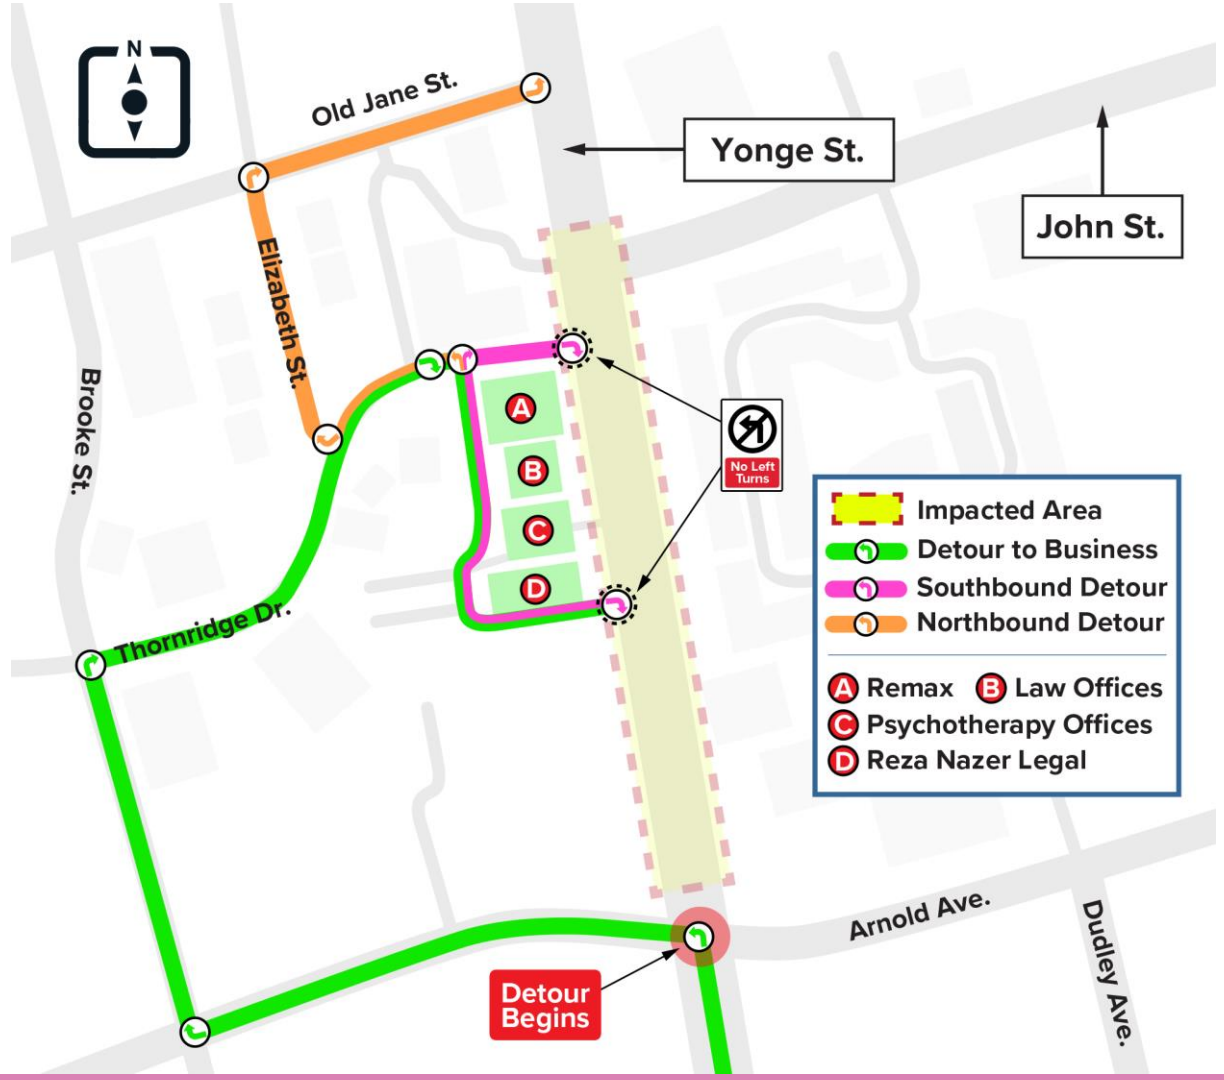

Summer 2026 to Summer 2028

Traffic Changes – Phase 1

Summer 2026 to Summer 2028

- Access to west side businesses right-in-right-out only.
- Northbound detour starts on Arnold Ave to Brooke St up to Thornridge Dr, Elizabeth St and Old Jane St.

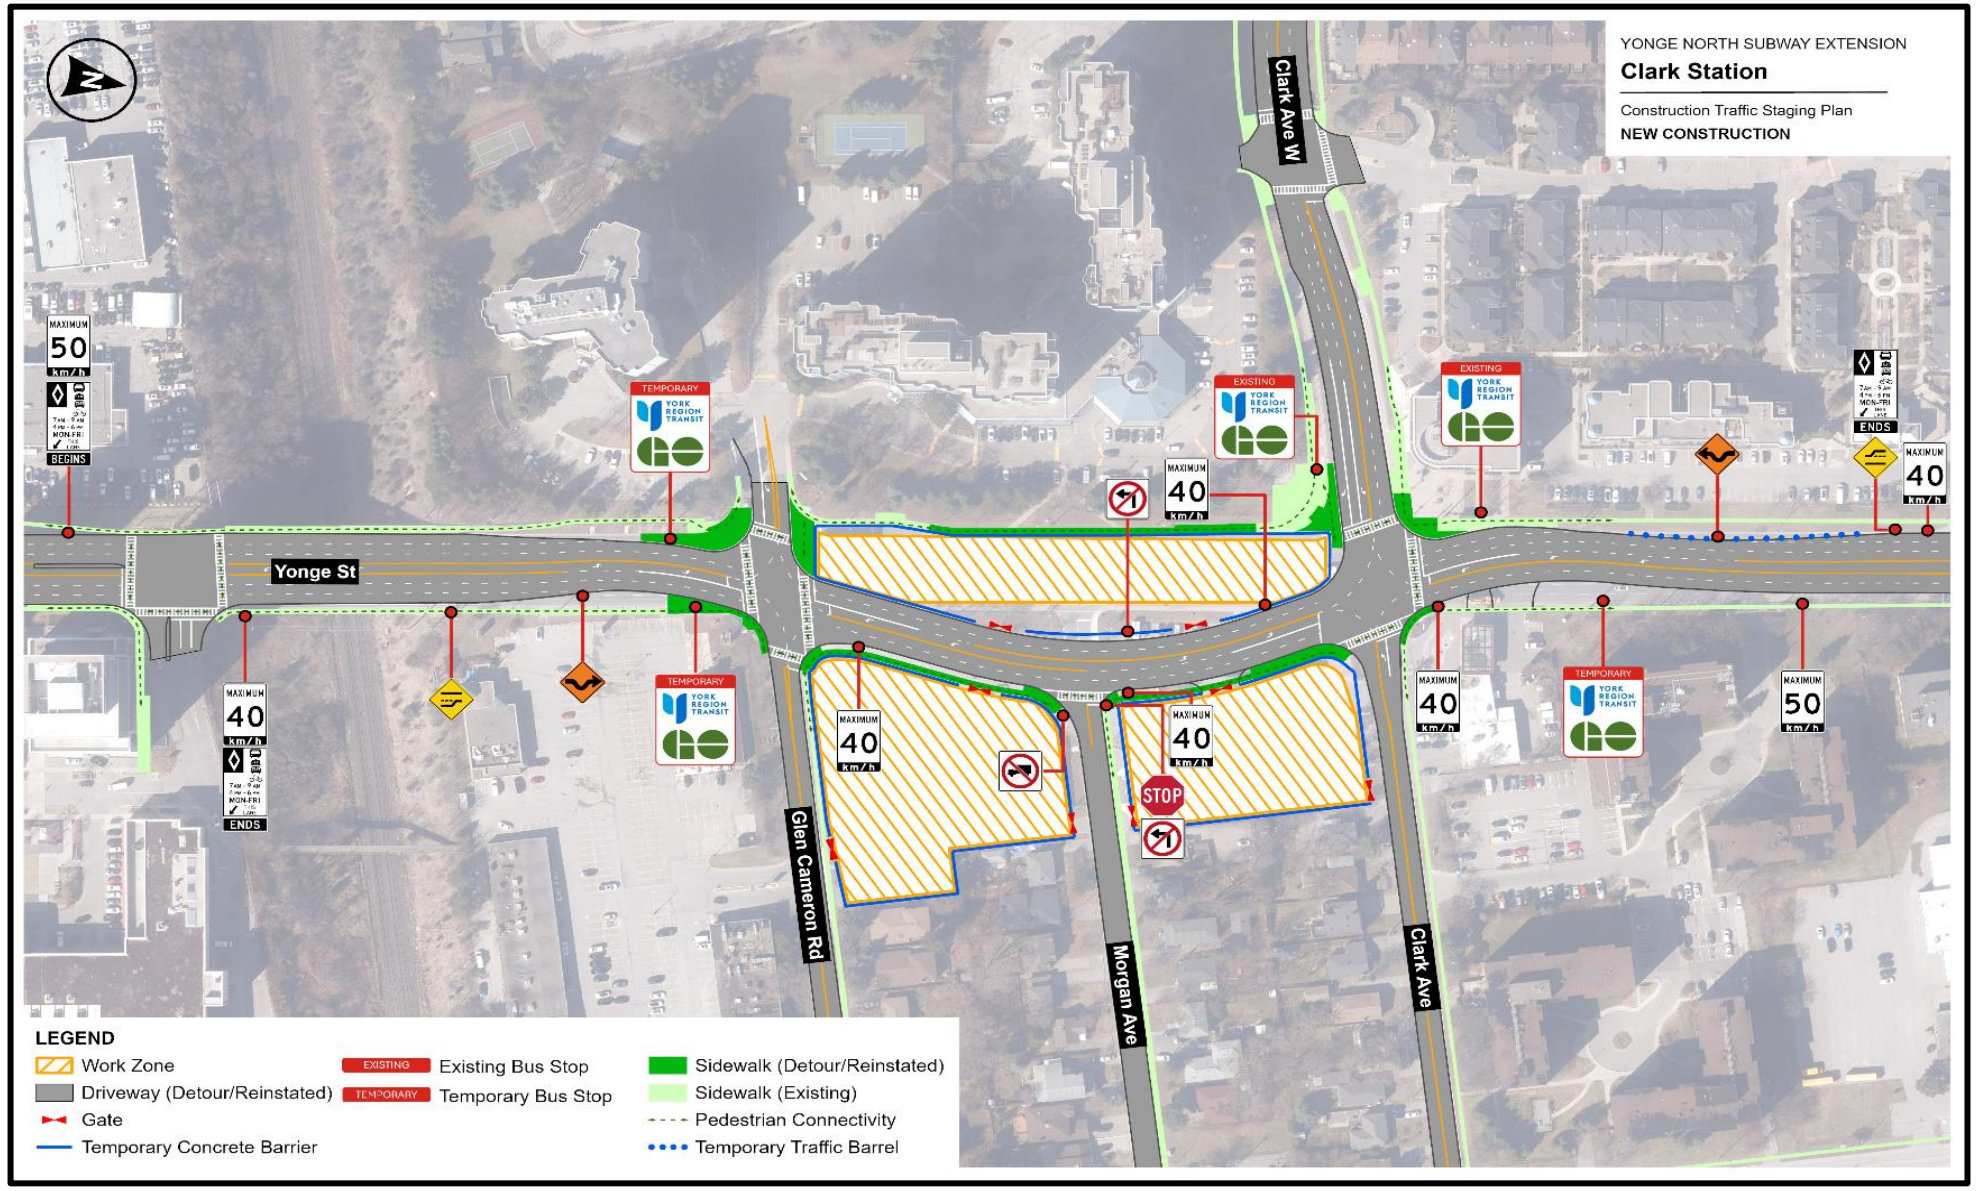

WHAT'S HAPPENING IN YOUR COMMUNITY?

- **Overnight road work on Yonge Street between Elgin Street and Old Jane Street**
- Approximately 25 metres of the existing curb on the west side of Yonge Street south of Thornridge Drive will be removed and rebuilt to help widen the roadway.Jersey barriers will be repositioned.
- New lines and road markings will be painted on Yonge Street between Old Jane Street and Elgin Street and overhead traffic signals will be adjusted to align with new lanes and markings.
- One lane will be closed on Yonge street south bound from 7:00PM to 05:00AM and again from 9:30AM to 3:30PM starting October 28th till November 1st
- Working hours:
  - Daytime hours: October 28 to November 3, 2026 (9:30AM-3:30PM)
  - Overnight hours: October 28 & 31 (7:00PM to 05:00AM)

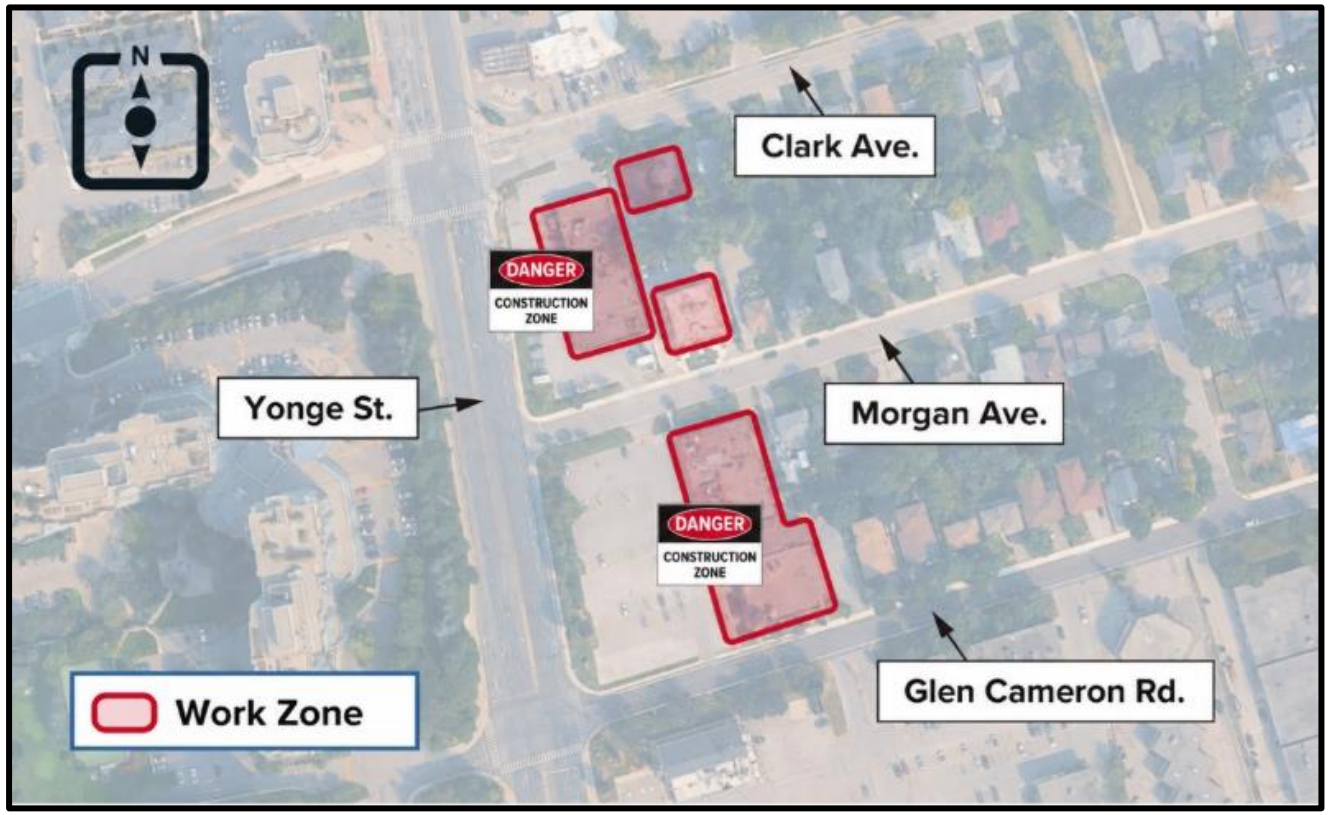

Yonge-Clark Realignment

Yonge-Clark Realignment Overview

- Over the coming months, crews will begin constructing the temporary diversion roadway. Once complete, traffic will be shifted onto the new alignment, anticipated to be in place beginning in 2028.
- Access to Morgan Avenue and Glen Cameron Road will change in stages, including temporary closures at certain times.
- Temporarily shifting Yonge Street slightly east will help maintain more traffic lanes during construction and reduce disruption for people travelling through the area.
- Yonge Street will be restored to its original alignment once construction is complete.
