

Rathburn Track Installation - Guideway Work

Scheduled Start Date: May 04, 2026

Scheduled End Date: June 05, 2026

Working Hours: Monday 8:00 a.m. to Friday 10:00 p.m., 24 hours

Map of work zone.

What Is Happening?

Guideway installation will be happening. Crews will be on site and residents should be prepared for lane reductions and overnight noise.

What to Expect?

- Construction lighting may be visible from the work site.
- Trucks and construction equipment may generate dust during construction.
- Crews will take precautions to monitor and reduce dust.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances
- Approximately 3 trucks will leave the site each day to move materials overnight. In certain circumstances, trucks may need to operate during the day.
- Mud mats and a wheel wash system are installed to prevent debris from being tracked onto public roads.

Traffic Changes

- Hurontario Northbound and Southbound will be reduced for periods of time during the work. Signage will redirect traffic around the work zones.
- Two-way directional traffic will be maintained during the work.

Pedestrian Access

- Clear and defined walking paths will be maintained during construction to ensure pedestrian safety.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.
- Crews will take measures to minimize disruptions to the surrounding area wherever possible.

Transit Service

- Please visit miway.ca for more information about changes to your travel.
-

About the Project

Once in service, the 18-kilometre Hazel McCallion Line will bring a new, environmentally friendly and reliable method of transportation to a rapidly growing region. The new transit system will feature 19 stops, travel through two urban growth centres and connect to major transit systems including GO Transit (Milton and Lakeshore West lines), the Mississauga Transitway, Brampton Transit, ZUM and MiWay. The Hazel McCallion Line will operate in its own dedicated lane ensuring a smooth, reliable and convenient ride along the region's busiest street.
