

Ground investigations on Birchmount Road

Scheduled Start Date: April 20, 2026

Scheduled End Date: May 08, 2026

Working Hours: Monday to Friday, 11:00 p.m. to 6:00 a.m.

Location of the Birchmount Road ground investigations

What Is Happening?

We need to undertake ground investigations on Birchmount Road in advance of the bridge replacement works. We will need to drill approximately eight boreholes in the area shown on the map.

What to Expect?

- Construction lighting may be visible from the work site.
- Trucks and construction equipment may generate dust during construction.
- Crews will take precautions to monitor and reduce dust.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Please exercise caution around active construction sites.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.

Traffic Changes

- Birchmount Rd, Mack Ave and Raleigh Ave will be reduced for periods of time during the work. Signage will redirect traffic around the work zones.

Pedestrian Access

- Temporary sidewalk closures or pedestrian detours will be in place while the work is underway, with signs in place to direct pedestrians as needed.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.
- Crews will take measures to minimize disruptions to the surrounding area wherever possible.

Transit Service

- There is no anticipated impact to transit services.
-

About the Project

GO Expansion will bring faster, more frequent train service by delivering new transit infrastructure and operational plans that will reduce journey times, add capacity and further improve on-time performance and customer satisfaction. The goal is to create a network with the capacity to deliver service every 15 minutes or better, all-day in both directions on core routes across the GO rail network.
