

# Woodbine GO Station Weekend Track Work

**Scheduled Start Date:** May 15, 2026

**Scheduled End Date:** May 19, 2026

**Working Hours:** Friday to Tuesday, 11:00 p.m - 5:00 a.m., 24 hours

**Figure 1: Map depicting work zone. Metrolinx image.**

## What Is Happening?

Metrolinx has begun early works construction to support Woodbine GO station. As part of this work, Metrolinx will be conducting track works within the rail corridor over a weekend service pause for the Kitchener line. Work will include track ballast removal and the installation of a temporary pedestrian bridge to support future platform construction. Work will begin at 11:00 p.m. on Friday, May 15, 2026 and will continue, day and night, into the morning of Tuesday, May 19, 2026 at 5:00 a.m.

## What to Expect?

- Construction lighting may be visible from the work site.
- Where possible, lights from equipment will be positioned away from residential homes to keep light pollution levels low.
- Trucks and construction equipment may generate dust during construction.
- Crews will take precautions to monitor and reduce dust.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.
- Approximately 2-3 trucks will leave the site each day to move materials overnight. In certain circumstances, trucks may need to operate during the day.
- Excavators, rock trucks hydrovac trucks, boom trucks, and a crane will be used for the duration of this work.

## Pedestrian Access

- Pedestrian detours may be required, with signs in place to direct pedestrians as needed.

## Noise & Vibration

- Crews will take measures to minimize disruptions to the surrounding area wherever possible.
- Residences and businesses in the area can expect noise and vibration caused by construction equipment related to this work.

## Transit Service

- GO Service on the Kitchener Line will be closed for the duration of the work. Signs will be posted to keep residents informed.

---

## About the Project

Woodbine GO is coming to north Etobicoke and will be located along Highway 27 between the existing Etobicoke North and Malton GO Stations, connecting customers to the Kitchener GO line and UP Express service. As part of GO Expansion, this new station supports Metrolinx's plans to deliver more service across the network, including the capacity to offer two-way, all-day service on the Kitchener GO line.
