

Geotechnical and hydrogeological investigations at 5760 Yonge Street

Scheduled Start Date: June 15, 2026

Scheduled End Date: July 30, 2026

Working Hours: Monday to Friday, 7:00 a.m. to 7:00 p.m.

An aerial map shows the borehole drilling area at 5760 Yonge Street highlighted by a semi-transparent red overlay and red dashed boundary to indicate the borehole drilling work zone.

What Is Happening?

To support planning and design work for the Yonge North Subway Extension, crews working on behalf of Metrolinx will be carrying out geotechnical and hydrogeological investigations at 5760 Yonge Street. Geotechnical investigations involve drilling holes into the ground - commonly referred to as 'boreholes' to collect samples that provide important data on soil and other underground conditions. Hydrogeological investigations include ground water level monitoring, and decommissioning monitoring wells.

What to Expect?

- Crews will take precautions to monitor and reduce dust.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.

Traffic Changes

- There may be short-term, localized impacts to traffic or curbside conditions where applicable.

Pedestrian Access

- Pedestrian detours may be required, with signs in place to direct pedestrians as needed.

Noise & Vibration

- Residences and businesses in the area can expect noise and vibration caused by construction equipment related to this work.
- Crews will monitor site condition to ensure safety and compliance.

Transit Service

- There is no anticipated impact to transit services.
-

About the Project

The Yonge North Subway Extension will transform the commute in York Region, Toronto and beyond by extending the TTC's Line 1 subway service north from Finch Station to Vaughan, Markham and Richmond Hill. This project includes five new subway stations along an extension of roughly eight kilometres.
