

Overnight equipment deliveries on Pape Avenue between Gamble Avenue and Cosburn Avenue

Scheduled Start Date: June 22, 2026

Scheduled End Date: June 30, 2026

Working Hours: Monday to Sunday, 11:00 p.m. to 7:00 a.m.

Map of the Cosburn Avenue and Pape Avenue intersection showing a work zone on the northwest corner.

What Is Happening?

To facilitate construction of Cosburn Station, large, specialized equipment must be delivered to the north site of Cosburn Station, between Cosburn and Gamble avenues. Oversized equipment must be shipped overnight to reduce impacts on local traffic and pedestrians during the day. Mobilization and demobilization of equipment will take place for three nights between June 22 to June 30.

What to Expect?

- Construction lighting may be visible from the work site.
- Please exercise caution around active construction sites.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.
- Trucks leaving the site will use Pape Avenue .
- Trucks entering the site will use Pape Avenue .
- For more details about Metrolinx's Truck Safety Plan, including a map of the truck route, please visit <https://www.metrolinx.com/en/projects-and-programs/ontario-line/resources/truck-safety-plan-overview/ontario-line-truck-safety-plan>.

Traffic Changes

- Minor delays may be experienced near the work zone.
- Two-way directional traffic will be maintained during the work.
- A paid duty officer, flaggers and detour signs will be onsite to direct traffic as needed.

Pedestrian Access

- Temporary sidewalk closures or pedestrian detours will be in place while the work is underway, with signs in place to direct pedestrians as needed.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.

About the Project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and over 40 connections to other transit, including GO train, subway, LRT, streetcar, and bus lines.
- Less than 30 minutes from one end of the line to the other.
- 28,000 fewer car trips each day.
