

Overnight geotechnical investigations near Park Lawn Rd.

Scheduled Start Date: July 06, 2026

Scheduled End Date: July 24, 2026

Working Hours: Monday to Friday, 11:00 p.m. to 5:00 a.m.

Map showing locations of boreholes within the Lakeshore West Go rail corridor near Park Lawn Rd.

What Is Happening?

As part of geo-technical investigations, crews will be drilling boreholes within the Lakeshore West GO rail corridor. Soil samples will be collected in order to assess ground conditions. This work is in support of future GO Expansion track and infrastructure improvements. For safety reasons, this work must take place overnight when GO trains are not in service.

What to Expect?

- Construction lighting may be visible from the work site.
- Increased presence of construction vehicles and equipment can be expected in the work area.

Traffic Changes

- No disruptions to traffic are anticipated.

Pedestrian Access

- All pedestrian sidewalks will remain open throughout the work.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.

Transit Service

- There is no anticipated impact to transit services.
-

About the Project

GO Expansion will bring faster, more frequent train service by delivering new transit infrastructure and operational plans that will reduce journey times, add capacity and further improve on-time performance and customer satisfaction. The goal is to create a network with the capacity to deliver service every 15 minutes or better, all-day in both directions on core routes across the GO rail network.
