

Upcoming construction activities for the Birchmount Road bridge replacement

Scheduled Start Date: July 15, 2026

Scheduled End Date: August 31, 2026

Working Hours: Monday to Friday, 7:00 a.m. to 5:00 p.m.

Location of the summer construction activities

What Is Happening?

As part of the Birchmount Bridge replacement project, preparatory work will take place throughout the summer. Starting in mid-July, crews will isolate a water valve and relocate hydro poles on the north side of the bridge. Starting in mid-August, temporary streetlights will be installed, which may require short-term lane closures. Birchmount Road will remain open in both directions, and residents are asked to use caution around construction vehicles.

What to Expect?

- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.

Traffic Changes

- No disruptions to traffic are anticipated.

Pedestrian Access

- Temporary sidewalk closures or pedestrian detours will be in place while the work is underway, with signs in place to direct pedestrians as needed.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.

Transit Service

- There is no anticipated impact to transit services.
-

About the Project

GO Expansion will bring faster, more frequent train service by delivering new transit infrastructure and operational plans that will reduce journey times, add capacity and further improve on-time performance and customer satisfaction. The goal is to create a network with the capacity to deliver service every 15 minutes or better, all-day in both directions on core routes across the GO rail network.
