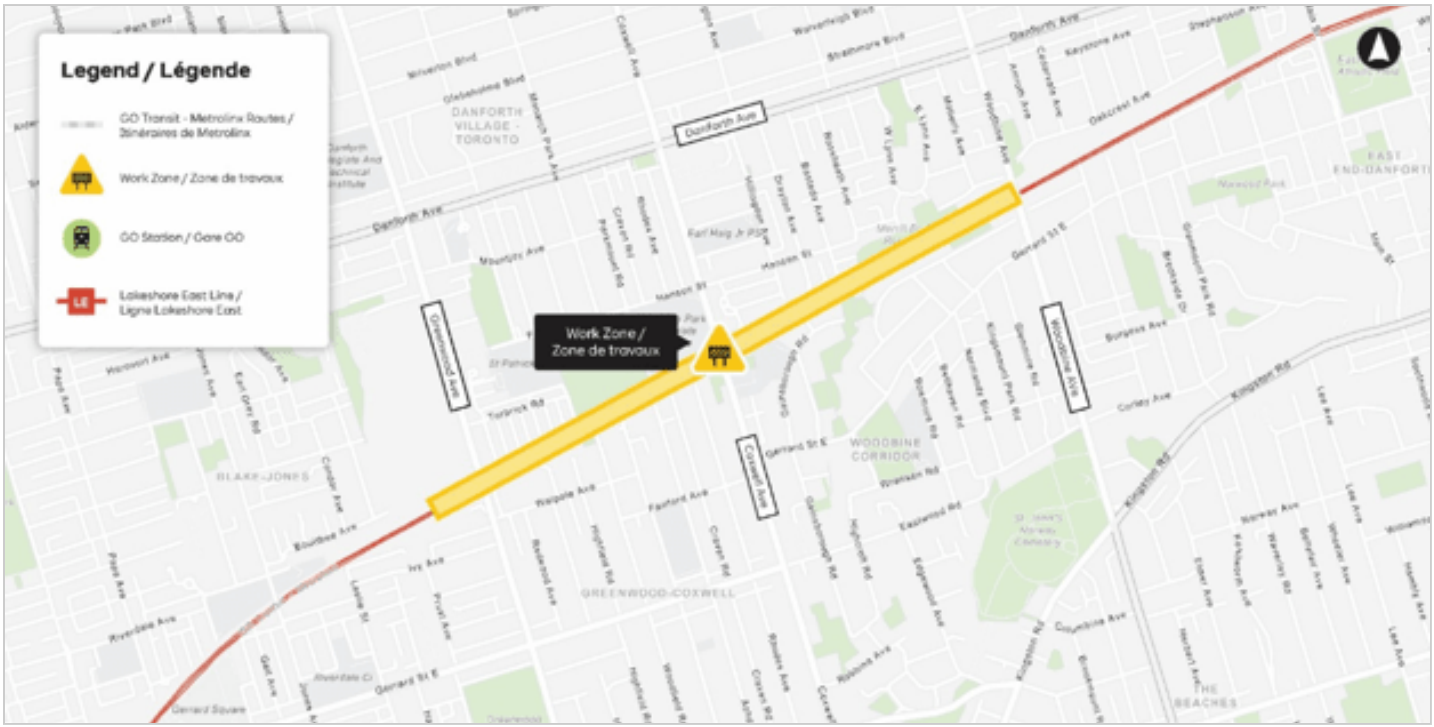
GO Expansion

Construction Notice

Overnight train movements and works on the Lakeshore East rail corridor - September 2026

Scheduled Start Date: September 14, 2026
Scheduled End Date: October 05, 2026
Working Hours: Monday to Sunday, 11:00 p.m. to 4:00 a.m.



Map showing the extent of the work area

What Is Happening?

We need to position our work trains so they are available for use during the overnight track closures on the Lakeshore East railway corridor. In the run up to these closures, we will be maneuvering our work trains into the sidings in the location shown on the map above, between Greenwood Ave and Woodbine Ave. This will happen overnight when there are no passenger services running on the Lakeshore East corridor. We have shown more time than we expect to use as we cannot forecast exactly when the work trains may be entering or leaving the sidings. These brand-new trains represent a significant improvement on our previous trains and will result in shorter and more efficient overnight work in the coming weeks.

Information as of: September 15, 2026

METROLINX

What to Expect?

- Increased presence of construction vehicles and equipment can be expected in the work area.

Traffic Changes

- No disruptions to traffic are anticipated.

Pedestrian Access

- All pedestrian sidewalks will remain open throughout the work.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.

Transit Service

- There is no anticipated impact to transit services.

About the Project

- GO Expansion will bring faster, more frequent train service by delivering new transit infrastructure and operational plans that will reduce journey times, add capacity and further improve on-time performance and customer satisfaction. The goal is to create a network with the capacity to deliver service every 15 minutes or better, all-day in both directions on core routes across the GO rail network.
