

Galloway Road – Southern construction site set-up

Scheduled Start Date: October 10, 2026

Scheduled End Date: November 30, 2026

Working Hours: Monday to Friday, 7:00 a.m. to 5:00 p.m.

Map showing extent of the work area

What Is Happening?

In October, we will start to set up the southern construction site compound. The area will be cleared of trees and vegetation. We will then prepare the area and set up the construction site facilities to support the construction of the new underpass.

What to Expect?

- Construction lighting may be visible from the work site.
- Trucks and construction equipment may generate dust during construction.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.

Traffic Changes

- No disruptions to traffic are anticipated.

Pedestrian Access

- Pedestrian detours may be required, with signs in place to direct pedestrians as needed.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.

Transit Service

- There is no anticipated impact to transit services.
-

About the Project

- GO Expansion will bring faster, more frequent train service by delivering new transit infrastructure and operational plans that will reduce journey times, add capacity and further improve on-time performance and customer satisfaction. The goal is to create a network with the capacity to deliver service every 15 minutes or better, all-day in both directions on core routes across the GO rail network.
- Disponible en français sur simple demande. Si cela vous intéresse, veuillez nous contacter à l'adresse courriel ci-dessous.
