GO Maintenance

Community Notice

Don Yard - Train Positioning and Idling during Major Track Closure Oct 23-26

Scheduled Start Date: October 23, 2026
Scheduled End Date: October 26, 2026
Working Hours: 24 hours, Friday night into Monday morning

Aerial view of Don Yard Train Storage Facility where UP Express and GO Trains will be stored

What Is Happening?

Significant construction and rehabilitation work planned for select station, bridge and track infrastructure locations along the Lake Shore West corridor will require the increased capacity of the Don Yard train facility to accommodate all GO and UP Express trains. There will be additional train movement to and from this location outside of our general operating hours. Work crews will keep associated movement and storage impacts to a minimum when and wherever possible.

Information as of: October 11, 2026

METROLINX

What to Expect?

- Increased presence of construction vehicles and equipment can be expected in the work area.

Traffic Changes

- No disruptions to traffic are anticipated.

Pedestrian Access

- All pedestrian sidewalks will remain open throughout the work.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.
- Crews will take measures to minimize disruptions to the surrounding area wherever possible.

Transit Service

- There is no anticipated impact to transit services.

About the Project

- Critical State of Good Repair projects collectively aim to ensure the safety and reliability of Metrolinx's rail network, as well as mitigate potential service disruptions and improve on-time performance, customer satisfaction and passenger comfort. This work will extend the lifespan of essential infrastructure by reducing the need for frequent maintenance intervention.
