Construction Notice

Culvert Replacement Work in Aurora

Scheduled Start Date: November 09, 2026
Scheduled End Date: November 15, 2026
Working Hours: Monday to Friday, 9:00 a.m. to 7:00 p.m. and Saturday to Sunday, 24 hours

Approximate area of work zone. Not to scale.

What Is Happening?

As part of ongoing state of good repair work, Metrolinx will replace a culvert within the Barrie Line rail corridor adjacent to Tamarac Trail in Aurora (Figure 1). This work will improve drainage and help prevent flooding and erosion. The existing culvert beneath the tracks will be replaced with a new steel pipe culvert, followed by track surfacing activities. Beginning November 9, crews will mobilize equipment and create an access pathway to the rail corridor from Maple Fields Circle. Construction is expected to begin November 13 and continue throughout the weekend. Daytime work will be prioritized where possible.

Information as of: October 23, 2026

METROLINX

What to Expect?

- Construction lighting may be visible from the work site.
- Where possible, lights from equipment will be positioned away from residential homes to keep light pollution levels low.
- Trucks and construction equipment may generate dust during construction.
- Crews will take precautions to monitor and reduce dust.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.
- Approximately 3 trucks will leave the site each day to move materials overnight. In certain circumstances, trucks may need to operate during the day.
- Trucks leaving the site will use Maple Fields Circle .
- Trucks entering the site will use Maple Fields Circle.
- Trucks will stage inside the work site and will not stage outside of the site boundaries

Traffic Changes

- No disruptions to traffic are anticipated.

Pedestrian Access

- All pedestrian sidewalks will remain open throughout the work.
- Clear and defined walking paths will be maintained during construction to ensure pedestrian safety.

Noise & Vibration

- Crews will take measures to minimize disruptions to the surrounding area wherever possible.
- Residences and businesses in the area can expect noise and vibration caused by construction equipment related to this work.

Transit Service

About the Project

- Critical State of Good Repair projects collectively aim to ensure the safety and reliability of Metrolinx's rail network, as well as mitigate potential service disruptions and improve on-time performance, customer satisfaction and passenger comfort. This work will extend the life-span of essential infrastructure by reducing the need for frequent maintenance intervention.
- There may be times when we need to reach you quickly with important or time-sensitive information about the work happening nearby. Email or phone updates are the fastest way for us to keep you informed when it matters. Visit metrolinx.com/GetUpdates to join the list.
