About the Project

- GO Expansion will bring faster, more frequent train service by delivering new transit infrastructure and operational plans that will reduce journey times, add capacity and further improve on-time performance and customer satisfaction. The goal is to create a network with the capacity to deliver service every 15 minutes or better, all-day in both directions on core routes across the GO rail network.
- There may be times when we need to reach you quickly with important or time-sensitive information about the work happening nearby. Email or phone updates are the fastest way for us to keep you informed when it matters. Visit metrolinx.com/GetUpdates to join the list.
