GO Expansion

Construction Notice

Road widening works at Burloak Drive

Scheduled Start Date: October 20, 2026
Scheduled End Date: December 18, 2026
Working Hours: Monday to Friday, 7:00 a.m. to 5:00 p.m.

Phases and locations of the Burloak Drive road widening works

What Is Happening?

Starting October 20, 2026, crews will be working on the curbs, sidewalks, and roads for the future Burloak Drive, Superior Court and Prince William Drive. The Road widening has been broken up into five different stages. Crews are currently working on Stage 1, which is the portion located on the West side of Burloak just north of Prince William Drive. As crews progress through the different stages of the road widening operation, there will be short-term closures to adjacent sidewalks. Detour signage will be posted. There will be reoccurring short-term lane closures along Burloak Drive between the Rebecca/New Street and Harvester/Wyecroft Road intersections for on-going works at the Burloak Grade Separation.

Information as of: October 19, 2026

METROLINX

What to Expect?

- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.

Traffic Changes

- Two-way directional traffic will be maintained during the work.

Pedestrian Access

- Pedestrian detours may be required, with signs in place to direct pedestrians as needed.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.

Transit Service

- There is no anticipated impact to transit services.

About the Project

- Long Branch: Metrolinx's GO Expansion program will deliver a network with the capacity for service every 15 minutes or better on the Lakeshore West line. To help support this work, Metrolinx is upgrading Long Branch GO Station to serve you better and get you where you need to go. Upgrades include accessibility upgrades, new east and west entrance buildings, new pedestrian tunnels, revisions to the parking lot, rehabilitated platforms, and more.
- Burloak: Metrolinx's GO Expansion program will deliver a network with the capacity for service every 15 minutes or better on the Lakeshore West line. To support the increase in GO service, Metrolinx is working with the City of Burlington and the Town of Oakville to build the Burloak Drive grade separation which will improve traffic flow without having to wait for trains to pass.
