GO Expansion

Construction Notice

Overnight Track Work Preparation Between Foxhill Drive and Ridgefield Crescent

Scheduled Start Date: November 02, 2026
Scheduled End Date: December 04, 2026
Working Hours: Monday to Friday, 24 hours

What Is Happening?

Crews working on behalf of Metrolinx will be completing track and infrastructure work in the corridor in preparation for future double tracking between Rutherford GO and Maple GO.

From November 2 to 12, crews will complete overnight preparatory work within the rail corridor, including material and equipment deliveries and track construction activities. During a scheduled major track closure from November 13 to 16, work will be 24 hour continuous allowing crews to complete critical track and signal upgrades safely without live trains passing through. Overnight activities will resume from November 16 to December 4 for final track adjustments, utility installation, equipment removal, and site cleanup.

Information as of: October 19, 2026

METROLINX

What to Expect?

- Where possible, lights from equipment will be positioned away from residential homes to keep light pollution levels low.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.
- Approximately 3 trucks will leave the site each day to move materials overnight. In certain circumstances, trucks may need to operate during the day.

Traffic Changes

- No disruptions to traffic are anticipated.

Pedestrian Access

- Not applicable for corridor work

Noise & Vibration

- Crews will take measures to minimize disruptions to the surrounding area wherever possible.
- Residences and businesses in the area can expect noise and vibration caused by construction equipment related to this work.
- Trucks accessing the site will be equipped with broadband backup alarms, which emit a less disruptive sound compared to traditional beeping backup alarms.

Transit Service

- Please visit GOTransit.com for more information about changes to your travel.

About the Project

- Work is underway at Maple GO Station, with upgrades and new amenities paving the way for future service increases. The new amenities will improve access to transit to make travel faster, better, and more convenient. As part of Metrolinx's GO Expansion program, improvements at the station support two-way, all-day service on the Barrie Line.
- Disponible en français sur simple demande. Si cela vous intéresse, veuillez nous contacter à l'adresse courriel ci-dessous.
