Hamilton LRT

Construction Notice

Hamilton LRT Utility Investigations - King Street East - Belmont Ave to Carrick Ave.

Scheduled Start Date: October 01, 2026
Scheduled End Date: November 30, 2026
Working Hours: Monday to Friday, 7:00 a.m. to 7:00 p.m.

The first phase of work is from Belmont Ave to Gage Ave; the second phase of work will start from Gage Ave to Carrick Ave. Work will start on the south side of the street and then shift to the north side. Two lanes of traffic will always be maintained.

What Is Happening?

During the detailed design phase of the Hamilton LRT, utility locations must be confirmed along the entire corridor. These investigations will help identify and address potential utility conflicts or unforeseen utility encounters before major construction begins. The work will be completed during daytime hours. Rolling lane closures and minor travel delays are expected as crews move between work locations. Emergency access will be maintained throughout the work in coordination with Hamilton Paramedic Service and Hamilton Fire Department. No impacts to nearby businesses, institutions or schools are anticipated.

Information as of: November 17, 2026

METROLINX

What to Expect?

- Trucks and construction equipment may generate dust during construction.
- Crews will take precautions to monitor and reduce dust.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.

Traffic Changes

- King Street East from Belmont Ave. to Carrick Ave will be reduced for the duration of the work. Signage will redirect traffic around the work zones.
- A paid duty officer, flaggers and detour signs will be onsite to direct traffic as needed.
- All businesses in the area will remain open during the work. Please follow signage for access.

Pedestrian Access

- Temporary sidewalk closures or pedestrian detours will be in place while the work is underway, with signs in place to direct pedestrians as needed.
- Pedestrian detours may be required, with signs in place to direct pedestrians as needed.
- Clear and defined walking paths will be maintained during construction to ensure pedestrian safety.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.
- Crews will take measures to minimize disruptions to the surrounding area wherever possible.
- Residences and businesses in the area can expect noise and vibration caused by construction equipment related to this work.

Transit Service

- There is no anticipated impact to transit services.

About the Project

- This project will bring 14 kilometres of fast, frequent light rail transit through Hamilton's downtown core connecting you from Eastgate to McMaster and everywhere in between. Modern light rail service will connect key areas, destinations, and institutions along Main Street, King Street and Queenston Road. It will move approximately 50,000 riders daily and will support 16,400 new daily trips on transit. It will also feature direct connections to GO Transit and HSR bus service.
- Disponible en français sur simple demande. Si cela vous intéresse, veuillez nous contacter à l'adresse courriel ci-dessous.
