Hamilton LRT

Construction Notice

Hamilton LRT Utility Investigations - King Street - Mary St. to MacNab St.

Scheduled Start Date: November 02, 2026
Scheduled End Date: November 30, 2026
Working Hours: Monday to Friday, 7:00 a.m. to 7:00 p.m.

Work between Mary St. and MacNab St.is anticipated to be completed before December to minimize impacts on holiday activities and free parking. Parking impacts will be limited to one side of the street at a time. One or two travel lanes will always remain open. Lay-by parking spaces will be temporarily required to support utility investigation work.

What Is Happening?

During the detailed design phase of the Hamilton LRT, utility locations must be confirmed along the entire corridor. These investigations will help identify and address potential utility conflicts or unforeseen utility encounters before major construction begins. The work will be completed during daytime hours. Minor travel delays are expected as crews complete the work. Emergency access will be maintained throughout the area. No intended impacts on nearby businesses, institutions or schools' entrances or exits are anticipated.

Information as of: November 20, 2026

METROLINX

What to Expect?

- Trucks and construction equipment may generate dust during construction.
- Crews will take precautions to monitor and reduce dust.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.

Questions about the work?
• For questions about the work, or if there are concerns, please email Hamilton@metrolinx.com or call 905-521-1003 between 8 a.m. and 4 p.m.

Emergency and after-hours contacts
• We don't anticipate any issues, but if you see any concerns, or access is accidentally blocked to a business or institution, please get in touch with David Pitt – 416-668-4363 or Mario Caramo – 289-465-4398.

Traffic Changes

- A paid duty officer, flaggers and detour signs will be onsite to direct traffic as needed.
- All businesses in the area will remain open during the work. Please follow signage for access.

Pedestrian Access

- Pedestrian detours may be required, with signs in place to direct pedestrians as needed.
- Clear and defined walking paths will be maintained during construction to ensure pedestrian safety.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.
- Crews will take measures to minimize disruptions to the surrounding area wherever possible.

Transit Service

- There is no anticipated impact to transit services.

About the Project

- This project will bring 14 kilometres of fast, frequent light rail transit through Hamilton's downtown core connecting you from Eastgate to McMaster and everywhere in between. Modern light rail service will connect key areas, destinations, and institutions along Main Street, King Street and Queenston Road. It will move approximately 50,000 riders daily and will support 16,400 new daily trips on transit. It will also feature direct connections to GO Transit and HSR bus service.
- Disponible en français sur simple demande. Si cela vous intéresse, veuillez nous contacter à l'adresse courriel ci-dessous.
