Hamilton LRT

Construction Notice

Hamilton LRT Utility Investigations - Queenston Road - Adair Ave to Centennial Pkwy.

Scheduled Start Date: November 30, 2026
Scheduled End Date: December 18, 2026
Working Hours: Monday to Friday, 7:00 a.m. to 7:00 p.m.

The work area, highlighted in yellow, will begin at Adair Avenue and move east toward Centennial Parkway. Two lanes of traffic will remain open at all times, and affected lanes will reopen as work is completed.

What Is Happening?

During the detailed design phase of the Hamilton Light Rail Transit (LRT), utility locations must be confirmed along the entire corridor. These investigations will help identify and address potential utility conflicts or unforeseen utility encounters before major construction begins. The work area, highlighted in yellow, will begin at Adair Avenue and move east toward Centennial Parkway. Crews will start in the centre of the roadway and then alternate between sides of the street as work progresses. Two lanes of traffic will remain open at all times, and affected lanes will reopen as work is completed. Construction will take place during daytime hours, and businesses will remain open throughout the work.

Information as of: November 24, 2026

METROLINX

What to Expect?

- Trucks and construction equipment may generate dust during construction.
- Crews will take precautions to monitor and reduce dust.
- Increased presence of construction vehicles and equipment can be expected in the work area.
- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.
- Emergency and after-hours contacts, please call either David Pitt – 416-668-4363 or Mario Caramo – 289-465-4398.

Traffic Changes

- Queenston Rd between Adair Ave to Centennial Pkwy will be reduced for periods of time during the work. Signage will redirect traffic around the work zones.

Pedestrian Access

- Temporary sidewalk closures or pedestrian detours will be in place while the work is underway, with signs in place to direct pedestrians as needed.

Noise & Vibration

- Residences and businesses in the area may experience noise and vibration caused by construction equipment related to this work.

Transit Service

- There is no anticipated impact to transit services.

About the Project

- This project will bring 14 kilometres of fast, frequent light rail transit through Hamilton's downtown core connecting you from Eastgate to McMaster and everywhere in between. Modern light rail service will connect key areas, destinations, and institutions along Main Street, King Street and Queenston Road. It will move approximately 50,000 riders daily and will support 16,400 new daily trips on transit. It will also feature direct connections to GO Transit and HSR bus service.
- Disponible en français sur simple demande. Si cela vous intéresse, veuillez nous contacter à l'adresse courriel ci-dessous.
